Points clefs

- **C'est la campagne du maïs !**
- Monde
 - Un bilan blé hésitant
 - Un bilan maïs US rationné
- UE
 - Une production moins mauvaise que prévue
 - Un volume exportable non négligeable
- France
 - Des bilans très tendus
 - Un disponible exportable non négligeable

A world map showing the continents of North America, South America, Europe, Africa, Asia, and Australia. The map is rendered in a light green and yellow color scheme, matching the overall theme of the slide.

conclusion

- Le Maïs sera le moteur du marché
 - Le marché ne sera pas épargné par les désordres financiers
 - Une éventuelle poursuite de la dépréciation de l'euro face au dollar accentuerait la pression sur le marché européen
